What is Banding Together to End Domestic Violence?

Banding Together to End Domestic Violence is an annual attorney battle-of-the-bands fundraiser featuring lawyers who rock out for a good cause. Held every summer in San Francisco in June, bands from California's most philanthropic law firms and corporate legal teams compete in this epic musical battle for the coveted title: Best Lawyer Band in The Bay.

Though the competition is fierce, these rockstar attorneys band together to raise over \$168,000 for California survivors of domestic violence. All funds raised benefit Family Violence Appellate Project (FVAP), the only nonprofit in California dedicated to providing free appellate legal services to domestic violence survivors who need to appeal dangerous trial court decisions that leave them or their kids at risk of ongoing abuse.

How to enter

Eligible bands should consist of at least 50 % attorneys and/or employees from one law firm, law office, or corporate legal department. (Other configurations may be considered.) To apply, fill out the 2-page application form at the bottom of this PDF and submit it by March 1, 2019. But the sooner the better; spots fill up fast!

Once officially accepted to compete, each band is asked to submit an entry fee donation of \$1,000 or more, all of which is donated to FVAP to provide appellate legal aid to survivors of domestic violence. The \$1,000 entry fee is waived if the band's firm or company sponsors the event for more than \$1,000.

Your competition

Competing bands in previous years came from DLA Piper, Gibson Dunn, Google, Jones Day, Kirkland & Ellis, Latham, Lief Cabraser, Morgan Lewis, Morrison & Foerster, O'Melveny & Myers, Pillsbury, and many others.

What is Family Violence Appellate Project (FVAP)?

FVAP is the only statewide legal aid nonprofit in California dedicated to helping survivors of domestic violence by appealing and overturning dangerous trial court decisions on their behalf, for free. When a court decision leaves domestic violence survivors or their children at risk of ongoing abuse (by granting child custody to an abusive parent, or denying a restraining order), FVAP gives survivors a second chance at justice, empowering them to get the safety and justice they deserve.

By working at the appellate-court level, FVAP is reshaping California law to make our state safer. Each published appellate decision sets new statewide legal precedent that prioritizes the safety and well-being of survivors and kids. We hold courts accountable and make sure California's domestic violence laws do what they're supposed to: keep families safe.

How is FVAP ending domestic violence in California? By making sure all kids have the opportunity to grow up in safe, healthy homes, we're breaking the intergenerational cycle of trauma and abuse. Children who grow up without abuse are far less likely to become abusive adults. Our innovative approach is creating tangible change and making California better for the next generation.
