## Investing in Joys and Inspirations for the Year Ahead

After years of much-needed growth and expansion, we are as committed as ever to continue to strengthen the avenue for survivors to access justice. We are working with partners to elevate family law reforms that remove barriers to justice. We know that we would not be where we are today without you, all our community partners, and the survivors we are happy to serve. Because of your courage and shared experiences who have walked this difficult path, we have all the necessary tools to co-create a future that is safe and just for all survivors.
