FVAP was created in 2012 to fix a legal system that fails survivors of domestic violence. At that time, the number of California's published domestic violence-related cases could be counted on just one hand. Thanks to FVAP's work, there are now nearly a hundred published cases supporting survivors.

FVAP provides free, high-quality legal representation to survivors of domestic and gender-based violence to reverse dangerous court rulings that leave people at-risk for continued abuse.

Featuring **rockstar attorneys and legal professionals** from California law firms and corporate legal teams, these bands prove that the law isn't their only talent.

Join us on **June 25th at The Chapel** to watch them battle for the coveted title, **Best Lawyer Band in the Bay 2026!**
